

SODA CAMPUS CHALLENGE

PARTICIPATION
GUIDE

Campus Challenge Start Date: September 20, 2023

Campus Challenge End Date: November 17, 2023

Registration

SODA's Campus Challenge is an exciting opportunity for new and seasoned student advocates to raise awareness about the importance of organ, eye, and tissue donation on their high school, college, or graduate school campus.

Registration is available to new volunteer teams and established SODA chapters. All teams must have at least three student leaders.

Interested in advocating for organ, eye, and tissue donation on your campus? Register for SODA's Campus Challenge [here](#).

Supplies

SODA National will provide all participating teams with educational resources, mentorship opportunities, supplies, and funding to help host successful donation education and registration events.

Supplies provided by SODA National include:

- T-shirts
- Buttons
- Stickers
- Lifesaver candy
- Tablecloth
- Educational handouts

Please submit our Supply Request Form [here](#) if your team would like to request supplies from SODA National.

Event Funding

Teams can receive up to \$200 in funding during the challenge. Events with the goal of organ donation education and registration are eligible for up to \$50 in funding. Typical event costs include food, giveaways, raffle prizes, and event space costs.

Any funds requested during the Campus Challenge will go towards the semesterly \$200 per school funding limit.

Please submit our Event Request form [here](#) if you would like to request funding from SODA National.

Scoring & Event Ideas

Supporting documentation, such as photos or flyers, must be submitted for each advocacy activity, including social media posts. Please submit your supporting documentation [here](#).

About SODA

[SODA: Student Organ Donation Advocates](#) supports students who want to make a difference by helping them lead organ, eye, and tissue donation advocacy chapters and events on their high school, college, and graduate school campuses. These students' efforts save lives and create positive ripple effects in their communities. Since 2014, our student leaders have educated over 77,000 people about organ donation and registered nearly 6,000 new donors.

We reduce barriers for high school, college, and graduate school students so they can mobilize their peers, spark a passion for organ donation that can last a lifetime, and fulfill an unmet need for student-focused organ and tissue donation education and registration efforts across the United States.

Thank you, Campus Challenge Sponsors!
